## MESSAGE FROM AL HIBA FAMILY

**DR. ANAZ M & MRS . MUMTHAZ ANAZ (MANAGING DIRECTORS)**

I feel pleasure in extending you on behalf of the Chairman's Message as well as the whole AL HIBA family a very warm welcome to the new aspirants seeking admission in this institute for structuring their career in Optometry.

We have clearly laid down our vision, mission and values and efforts shall be made to utilize the infrastructural facilities and intellectual capital to achieve these goals and values. It shall be our endeavour to prepare Paramedics with a sound educational programme so that they may serve the institutions, patients with extra care and meet the basic health needs of the community.

We are conscious of the changing needs of society, hence, we shall emphasize on imparting education and training to the students beyond the prescribed syllabus to make them good human beings & professional also.

The curriculum will be flexible enough to keep pace with changes that take place from time to time in the field of Eye Care and patient care.

We live and work together as a family unit and hope that your stay with us will be more comfortable, fruitful and memorable.

*Anaz M*

*Mumthaz Anaz*

## ARE YOU FAMILIAR WITH THE TERM OPTOMETRY???

### WELL HERE IS WHAT OPTOMETRY IS....!!!

Optometry is a healthcare profession that is autonomous, educated, and regulated (licensed/registered), and optometrists are the primary healthcare practitioners of the eye and visual system who provide comprehensive eye and vision care, which includes refraction and dispensing, detection/diagnosis and management of disease in the eye, and the rehabilitation of conditions of the visual system.

### WHY TO CHOOSE OPTOMETRY?

Optometry is a dynamic and challenging profession that provides practitioners the opportunity to help people and at the same time, achieve personal growth, gain community respect, enjoy great work-life balance and financial success.

### WHAT DOES AN OPTOMETRIST DO?

An optometrist will diagnose and treat eye diseases, prescribe optical devices for vision corrections, direct the pre- and post-operative care of refractive and laser surgery patients, help children with learning disabilities through vision training, and provide vision rehabilitation services to people with severe vision impairments.

## B.SC OPTOMETRY

Optometry program at Al Hiba College of Optometry and collaborated with ST.MARY'S Group Of Institutions is registered with Government approved University.

With an academic period of three years and one year internship, we provide our students a cohort curriculum which includes the early clinical experience from second year of their under graduation program. Our Institute is well known for its extensive internship which will be provided in and around the four branches of our institution in Kerala. Students will actively participate in a variety of public health eye camps like industrial vision screening, cataract and diabetic retinopathy screening programs, school screening camps etc in and around the suburbs and rural areas of Trivandrum. Internship covers all the regular and specialty clinical postings in Optometry. Other salient features of the program include small group learning experiences, traditional semester breaks, research exposure and a learning environment in which what you learn in the classroom is practiced in the labs and applied to actual patients under the guidance and supervision of faculty.

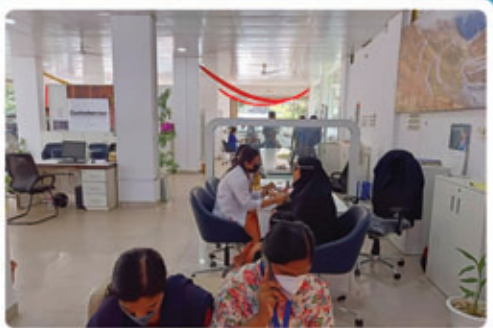

### Eligibility Criteria:

- 👁 10+2 with MPCB group in Higher secondary
- 👁 50 % marks in Higher secondary

### Admission procedures:

- 👁 Admission happens during April'19 onwards
- 👁 Applications are available in Al Hiba Branches
